

Voyager 1 'Family Portrait' of the solar system taken 40AU from Earth

## 4<sup>th</sup> Interplanetary CubeSat Workshop

South Kensington, London, United Kingdom  
26-27 May 2015

*iCubeSat 2015, the fourth Interplanetary CubeSat Workshop, will address the opportunities, technical challenges, and practicalities of space exploration with CubeSats. The workshop will provide a unique environment for open practical collaboration between academic researchers, industry professionals, policy makers and students developing this new and rapidly growing field.*

Talks on astrodynamics, attitude control and determination systems, citizen science, citizen space exploration, communications, landers, launch opportunities, open source approaches, outreach, payloads, policy, power systems, propulsion, reentry systems, ride-shares, science missions, software, standardization, structures, systems engineering and other related topics are all welcome.

The workshop will be held on or near the Imperial College London campus in South Kensington.

Abstracts due 1<sup>st</sup> April 2015 via [iCubeSat.org](http://iCubeSat.org)
