

Voyager 1 'Family Portrait' of the solar system taken 40AU from Earth

5th Interplanetary CubeSat Workshop

Oxford, United Kingdom

24-25 May 2016

iCubeSat 2016, the fifth Interplanetary CubeSat Workshop, will address the opportunities, technical challenges, and practicalities of space exploration with CubeSats. The workshop will provide a unique environment for open practical collaboration between academic researchers, industry professionals, policy makers and students developing this new and rapidly growing field.

Talks on astrodynamics, attitude control and determination systems, citizen science, citizen space exploration, communications, landers, launch opportunities, open source approaches, outreach, payloads, policy, power systems, propulsion, reentry systems, ride-shares, science missions, software, standardization, structures, systems engineering and other related topics are all welcome.

The workshop will be held on or near the University of Oxford campus in central Oxford.

Abstracts due 1st April 2016 via iCubeSat.org
