

Voyager 1 'Family Portrait' of the solar system taken 40AU from Earth

6th Interplanetary CubeSat Workshop Cambridge, United Kingdom 30-31 May 2017

iCubeSat 2017, the sixth Interplanetary CubeSat Workshop, will address the opportunities, technical challenges, and practicalities of space exploration with CubeSats. The workshop will provide a unique environment for open practical collaboration between academic researchers, industry professionals, policy makers and students developing this new and rapidly growing field.

Talks on astrodynamics, attitude control and determination systems, citizen science, citizen space exploration, communications, landers, launch opportunities, open source approaches, outreach, payloads, policy, power systems, propulsion, reentry systems, ride-shares, science missions, software, standardization, structures, systems engineering and other related topics are all welcome.

The workshop will be held on or near the University of Cambridge campus in central Cambridge, UK.

Abstracts due 1st April 2017 via iCubeSat.org
